PROFILE

I'm Soungalo Salam Dembele Jr. is a Front-End Web Developer eager to make a mark in the digital world. With a solid foundation in HTML, CSS, JavaScript, React, WordPress, and Wix, I'm passionate about creating seamless and intuitive user interfaces. Through my Front-End Web Development courses at Learnio Academy, I gained practical experience building responsive and user-friendly websites. I personal portfolio website using React. I'm a quick learner, a team player, and constantly seeking new challenges and opportunities to grow. Let's connect!
